Bleacher Seat *with Backrest*

SKU: DS-BSB

Built for High-Traffic Environments

Key Benefits

✓ Provides basic back support for extended seating

✓ Performs reliably in high-use environments

✓ Easy cleaning and maintenance

Dimensions & Weight

Total Height (with backrest): 13"

Width: 17 3/8"

Depth: 17 1/2"

Seat Height from Floor: Project-dependent (installation-specific)

Component Weight: 3 lbs (seat + backrest only)

Weight Capacity: Project-dependent (installation-specific)

Durable, easy to maintain.
UV-resistant (Optional)

Indoor & Outdoor Use
Low Maintenance

Seat

Material: PP(polypropylene) with UV stabilizer -- injection molded

UV protection: UV-stabilized -- suitable for outdoor and indoor use

Backrest: *Integrated -- provides basic lumbar support*

Fixing: Compatible with standard bleacher and grandstand mounting systems

Product Information

Available Colors: Medium Blue,Yellow, Red,Green

Application: Schools, gyms, bleachers, stadiums, arenas

Distributed By: Dart Seats LLC

18" Student Stack Chair

SKU: DS-CL-SC18

Built for High-Traffic Environments

Key Benefits

✓ Supports intensive classroom environments

✓ Easy-to-clean surfaces for faster operations

✓ Minimizes maintenance and upkeep over time

Indoor Use
Low Maintenance

Dimensions & Weight

Total Height: 33 1/16"

Seat Height: 18 1/8" from floor

Width: 17 3/8"

Depth: 21 1/2"

Product Weight: 10 lbs

Weight Capacity: 330 lbs

Height Range: Adults: 62.6 to 74.0 In

Seat & Backrest

Material: Virgin PP (polypropylene) - thermoplastic injection molded

Backrest size: Approx. 16" W x 11 3/4" H

Seat size: Approx. 15 3/4" W x 18 1/8" D

Seat thickness: Min. 1/8"

Backrest thickness: Min. 1/8"

Carry handle: Integrated on backrest - manufacturer logo in bas-relief

Stacking: Yes - designed for vertical stacking

Frame & Structure

Front frame tube: 7/8" (0.875 in) carbon steel--seat, backrest and front legs

Rear legs & bars: 7/8" (0.875 in) diameter carbon steel tube

Seat reinforcement: 5/8" (0.625 in) carbon steel tube

Frame finish: Electrostatic epoxy powder coat -- grey

Floor tips: PP (polypropylene) -- rounded design

Frame treatment: Carbon steel -- chemical bath corrosion protection + MIG welding

Product Information

Available Colors: Medium Blue,Yellow, Gray, Orange, Green, Red

Application: Schools, Classrooms, Cafeterias

12" x 12" Interlocking EVA Foam Tile (per tile)

SKU: DS-FT12

Built for High-Traffic Environments

Key Benefits

✓ Withstands heavy daily use and wear

✓ Reduces maintenance and replacement costs

✓ Easy installation and quick replacement

Dimensions & Weight

Tile size: 11 3/4" x 11 3/4" (per tile)

Thickness: 5/8" per tile

Weight per tile: 0.7 lbs

Weight per m²: 7 lbs / m² (approx. 0.73 lbs/ft²)

Load capacity: 61 lbs/ft² (300 kg/m²)

Material & Construction

Material: EVA resin--thermoplastic injection molded

System: Interlocking--tiles connect without adhesive

UV resistance: UV-stabilized resin--suitable for indoor and outdoor use

Surface: Textured--slip-resistant finish

Tiles per m²: Approx. 11 tiles per m²

Durable, easy to maintain.

Indoor & Outdoor Use
Low Maintenance

Installation

Method: Interlocking--no tools or adhesive required

Coverage: Sold per unit (flooring) or per m² (flooring by m²)

Subfloor: Any flat, smooth, dry surface

Replacement: Individual tiles replaceable without removing entire floor
